ADULT CLASSES

ABOUT

This class is designed for adults wanting to travel to a francophone country or simply interested in understanding more about French language, culture and gastronomy!

PEDAGOGY

- interacting with the locals.

There will be practical 'real life' exercises to experiment using your French for by example ordering your croissant in a true French café, baking your own baguette or enjoying a French dinner...

Grammatical concepts and vocabulary progressively introduced in the program.

IS THIS FOR ME?

This class is targeted at anglophones (or non French speakers ie not fluent) with no or very little knowledge of French but willing to enjoy discovering the French culture through practical conversation and immersion situations.
